Introducing Massage Merit Spa experience aiming to give you the ultimate in luxury body care for a true total spa experience, using the very best products aimed to bring about balance, wellbeing and skin health. Partnering with VOYA a multi-award winning spa brand boasting a certified organic status with its core ingredient - seaweed. A luxury retail, Spa products and treatments. You will be amazed by the power of the sea!

WHAT TO EXPECT:

MEET & GREET

Arriving at Massage Merit Spa, you'll be greeted by one of our friendly staff that will invite you to fill out your personalized form to indicate any medical history, injuries, or physical conditions you are aware of. As this step is very important, we advise to arrive 15 minutes early to give yourself enough time.

GETTING YOU COMFORTABLE

Once you have completed your form, your therapist will walk you to our changing rooms for you to get ready, once ready you will then be asked to take a seat in our waiting area. Your therapist will collect you from there and take you to your spa room where she'll go over your personalised form with you and discuss the areas of your body you'd like her to address. This session should take 5 - 10 mins for both consultation and dressing.

WRAPPING UP

When your spa treatment is complete, your therapist will wait outside while you dress into your robe. When you're ready, they'll return with you to the waiting area and offer you a glass of water or a warm beverage (as it's important to stay hydrated post service). And if you appreciated your experience, you can always leave us a positive review on Google and Facebook. We look forward to your visit

DURING YOUR SERVICE

Your chosen spa treatment will be customized specifically for you focusing on specific parts of your body you mentioned. And remember, your comfort matters. Feel free to talk with your therapist if any adjustment is required. It's important to relax your mind and muscles during your massage. Breathe normally and try not to tighten or contract your muscles.
